GEEPLUS EXHIBIT AT SUBCON

Sharing a stand with their Latvian suppliers Volberg, Geeplus will be spending the next two days at Subcon, Stand 64, Hall 4 at Birmingham's NEC, where they will be showing their growing range of products supported by engineering staff.

A truly international exhibition which attracted more than 3,000 visitors last year, Subcon is the UK's premier manufacturing supply chain show, dedicated to subcontracting and outsourced engineering services. The show is designed to connect buyers with suppliers across the manufacturing supply chains, matching visitor needs to the capabilities of world class exhibitors.

Come along and see us.
